Early Childhood Year-long Project

In class Year-long Project work can comprise no more than 16 academic contact hours. It is a required practicum year assignment that involves independent research and development by the adult learner. Examples of project topics include action research, curriculum design, reflective practice, literature review, application of knowledge, case study, preparation of the environment, assessment, transformation of the adult, etc.

Topics are subject to approval by the TEP.

Practicum Requirements

Practicum Models and Time Periods — Early Childhood Course

The Early Childhood practicum is defined as lasting a minimum of a full academic year, with the adult learner working at the practicum site in the classroom of an approved supervising teacher for three hours a day, five days a week for nine consecutive months.

Alternative scheduling is possible. When an alternate schedule for the practicum experience is utilized, the director must explain the alternative model in the program's next annual report.

Over the course of the practicum, the adult learner is required to follow the development of the children in the assigned class and establish relationships with the children. The adult learner must present materials and participate in the various aspects of planning, record keeping, classroom management, and parent communication.

Age Range of Children

The class may contain children in the 2 ½ through 6 age span, but must contain at least the 3 through 6 age span to allow the adult learner to follow the developmental stages of children in an environment

which is prepared to meet their social, emotional, intellectual, physical, and spiritual needs, and one which is equipped with the full complement of Montessori materials.

AMS recognizes that in some situations there may be environments that do not have the 2 ½ through 6 age range. Therefore, it is the responsibility of the program director to outline a plan in the adult learners file and to document how the adult learner receives experience in the full 2 ½ through 6 age range.

Early Childhood Classroom Materials

The practicum classroom must be equipped with the full complement of Montessori materials and activities appropriate to the ages and needs of the children at the Early Childhood age level.

Model 1: Supervised Practicum

1. The supervised practicum requires that the adult learner participate in the Montessori Early Childhood classroom of a qualified supervising teacher at an approved school site.
2. The adult learner may not be asked to assume total responsibility for a class without the presence of a qualified supervising teacher or other qualified staff person.
3. A minimum of three on-site consultation/evaluation visits by a qualified field consultant is required. To best support the growth of the adult learner, the consultations/evaluation visits must be spread throughout the practicum phase.

Model 2: Self-Directed Practicum

1. All requirements for the supervised practicum also apply to the self-directed practicum, with the exception that the adult learner has full responsibility for the Montessori class without the daily guidance of a qualified supervising teacher in the classroom.
2. Adult learners may qualify for the self-directed practicum with one or more of the following prerequisites, along with written approval of the teacher education program director:
 - a. Prior experience as an assistant in a Montessori environment
 - b. Two or more years of previous teaching experience at the Early Childhood level
 - c. A bachelor's degree from a regionally accredited U.S. college or university, or its equivalent
3. A minimum of three on-site consultation/evaluation visits by a qualified field consultant plus additional support that is documented on the *AMS Credential Recommendation Form* is required. Additional support must include one or more of the following: extra visits, a local mentor teacher, monthly phone or e-mail contact, or other support designed by the director. To best support the growth of the adult learner, the consultations/evaluation visits must be spread throughout the practicum phase.

Entry into the Early Childhood Practicum

No part of the practicum may precede the beginning of the academic phase of the course. Since the purpose of the practicum is to offer the adult learner the opportunity for practice with the information and insights acquired during the academic phase, **at least 90% of the academic contact hours for the level (not including assessment) must be completed prior to the end of the practicum experience.** In

the case of a year-long academic phase, adult learners may begin the practicum phase during the first year of coursework, allowing the practicum phase to span a two-year academic cycle, so that **90% of the core curriculum instruction is completed prior to the end of the practicum.**

Much of the Elementary materials must be teacher-made, so some time will be spent on making materials during each daily session. Many paper materials (such as illustrations for charts, time lines, classified nomenclatures, drawings and labels) will be distributed at no additional charge.

Workshop sessions are held from 8:00-4:30 daily. Some weekday practice and Saturday sessions will be required. A 16 hour mid-year seminar is held in February.

During the 6-9 Course, materials and philosophy covered in the Early Childhood Montessori Course will not be repeated, except as they apply to the 6-9 Course.

Practicum:

The adult learner secures an internship in an approved Montessori elementary school in which the theory and practice of Montessori education come together. Prior to the first monthly report, the adult learner prepares an Organizational Report in which the children and their ages, sex, and previous Montessori experience are given, along with the Montessori materials available in the classroom. Each month the adult learner prepares a monthly report on the activities taught that month, problems arising, and plans for the coming month. An Administrative Staff member communicates with the adult learner by reviewing the reports, writing comments, contacting the adult learner by phone or email if necessary, and returning the report timely. Reports, with additional comments, questions, and discussion, are an ongoing vehicle of support for the adult learner in the teaching position. The Field Consultant visits the adult learner at least three times during the year. The written assignments and an original Yearlong Project are completed during the practicum, along with other assignments outlined in this section.

The practicum may be completed in one year in its entirety after the Academic Components for A (for ages 6-7) and B (for ages 8-9) are completed, or the practicum may be completed in two years if A is taken one summer and B is taken the following summer.

The practicum may be started by an eligible candidate who has completed Academic Component A (for ages 6-7), the first four weeks of the summer program. In this case, the adult learner will complete half-reports for the nine-month period. The lessons being reported must be with the curriculum for the 6-7-year-old.

The practicum with 8-9-year old's (or 6-9 year old's) may be started upon completion of Academic Component B.

Arrangements may be made for the practicum to be done at the 6-9 or 9-12 level if the adult learner has attended the full 6-12 courses of study.

Final Assessment:

Before the adult learner graduates from this E I Course a final assessment is held during the summer.

1. Adult learners who have completed at least 60% of their practicum by April 1 are eligible to register for the Final Assessment. They will be sent a letter by the beginning of April asking them to state whether or not they intend to attend during the upcoming summer.
2. The Final Assessment is always held in even years.
3. A minimum of five adult learners is required in order to hold the Final Assessment in odd years.
4. Lesson presentations will be assigned to participants during the Final Assessment.
5. Depending on the number of adult learners in the Final Assessment cohort, 5-7 days will be required to complete the Final Assessment.
6. Adult learners will receive the results of their written exams by August 31.
7. After the adult learner has successfully completed all requirements of the Teacher Education Program and all financial obligations have been met, the recommendation for the credential will be sent to the AMS office by the Program Director.
8. The request for the AMS EI Credential will be sent to the AMS office along with the adult learner's original transcripts. The credential is signed by the AMS President, then mailed to the teacher education program for the director's signature. The program then mails the credential to the graduate. This process may take some time, so if immediate confirmation of course completion is needed, the program will write a letter of completion, if requested.

Objectives

1. To demonstrate competency in the presentation of the Montessori materials.
2. To demonstrate competency in Montessori principles and philosophy.
3. To verify completion of the Teacher Resource Manuals required by the teacher education course.
4. To present the Curriculum Development project to the participants.
5. To share with the course instructors and cohort the authentic assessment of their practicum experience.

This Final Assessment is based on several factors including active participation, authentic assessment, and final written tests on Montessori philosophy and materials.

During this time of final assessment, participants will be responsible for the following:

1. Presentation of assigned materials to "students" in simulated classroom situations. All participants will critique and evaluate the presentations.
2. A 20-minute minimum (30 minute maximum), oral summary of the practicum year using examples of adult learners' work, insights gained, work with "special needs" children, Human Values/Peace lessons, and general description of the years' experience.
3. A 10-minute report on the Year's Research/Curriculum Development Project. Examples of children's work and photographs may be used.
4. A 5-minute report on the conference, seminar, or workshop attended during the practicum year
5. A description of the two local resources/centers available in the adult learner's community that were visited during the course.

6. Presentation/Discussion of observations made in Elementary classroom.
7. A 4-hour written test on Montessori Elementary philosophy.
8. A 4-hour written test on Montessori Elementary materials.
9. On display for sharing will be:
 - a. Teacher Resource Manuals
 - b. Year's Project
 - c. Summary of the year's work with the child selected for the weekly log
 - d. Peace/Human Values journal
 - e. Samples of children's work
 - f. Mind Maps for From Childhood to Adolescence and To Educate the Human Potential
10. Summarizing practicum evaluations completed by the adult learner and other contacts as appropriate.

If the adult learner has NOT completed all items, then the individual is moved to a following year's cohort and will not be able to graduate that summer. The final written exams, however, may still be taken.

The final activity of the Assessment will be an Exit Interview held with each adult learner and the Program Director, Assistant Director or Elementary EI Consultant, and Field Consultant to review and discuss the readiness of the candidate to be recommended for an AMS Elementary I Credential. At that time the Summarizing Practicum evaluations done by the adult learner and others will be reviewed.

Requirements For The Elementary Credential Program

Adult learners will be considered enrolled in the full AMS Elementary Education Course leading to a Montessori Credential when they are admitted to the Practicum Component.

Adult learners will be admitted to the Elementary Practicum Component after:

1. Completion of Early Childhood Credential or Early Childhood Overview
2. Evidence of successful performance in the Academic Component as evaluated by course instructors;
3. A bachelor's degree from a regionally accredited college or university;
 - a. (This bachelor's degree serves as the Ability to Benefit requirement)
4. Securing a practicum site;
5. Submitting an application for entering a full Credential Program.

The basic format of the AMS Elementary 6-9 Credential program consists of an eight week (356 hrs.) intensive workshop during which time participants are presented with the elementary materials and are supervised in the preparation of teacher-made materials, followed by a nine month work/study period of (practicum) practical application and further study of each content area in an elementary classroom. These hours include a mid-year seminar (16 hours). The student also completes a practicum (1,080hours).

A one-week session is held for Final Assessment (14 hours).

The basic format of the AMS Elementary 9-12 Credential program consists of an eight week (340 hrs.) intensive workshop during which time participants are presented with the elementary materials and are supervised in the preparation of teacher-made materials, followed by a nine month work/study period of (practicum) practical application and further study of each content area in an elementary classroom. These hours include a mid-year seminar (16 hours). The student also completes a practicum (1,080hours).

The AMS Elementary 6-12 Certification consists of the EI Course and an additional five week 9-12 component. Only adult learners who have completed EI requirements and a practicum in the 6-9 or 9-12 age range are considered for the 6-12 Credential.

Note:

It is required that the adult learner must have 60 units of college credit in order to take the academic component for credential credit. A bachelor's degree is required to be admitted to the credential component (practicum and final assessment.) If the adult learner does not have 60 units of college credit, s/he may attend the academic component as an audit adult learner wishing information only.

The Montessori Center for Teacher Education does not recommend adult learners with a non-equivalent degree for the AMS Elementary Credential. Any deficiencies in equivalency must be corrected before the adult learner is accepted into the Practicum Component.

Course Requirements for Completion

Early Childhood

The adult learner will be recommended to AMS for an EC Credential when all assignments, tests, and practicum have been completed in a satisfactory manner, and all financial obligations have been met.

A full Credential will be given to adult learners who have a bachelor's degree from a regionally accredited college/university or equivalent. An Associate Credential will be given to adult learners who do not have a bachelor's degree. Upon receipt of verification of a bachelor's degree, the adult learner may upgrade the Associates Credential for a full Credential. Adult learners must have a current AMS membership.

Information for this upgrade procedure is available on the AMS website. www.amshq.org

Those adult learners receiving a credential on July 1, 2013 or later will need to document 50 hours of professional development every 5 years; the first 5-year period begins with the date of credential.

Final Assessment

Before the adult learner graduates from this **Early Childhood Course** a final assessment is held during one summer week.

The adult learners who are qualified to take the Final Assessment will be sent a letter by the end of April asking them to state whether or not they will be attending this assessment.

During the time of final assessment, participants will be responsible for the following:

1. Presentation of assigned materials to "students" in simulated classroom situations. All participants will critique and evaluate the presentations.
2. A 20 minute minimum (30 minute maximum), oral summary of the practicum year using examples of adult learners' work, insights gained, work with "special needs" children, Human Values/Peace lessons, and general description of the year's experience.
3. A 10-minute report on the Year's Research/Curriculum Development Project. Examples of children's work and photographs may be used.
4. A 5-minute report on the conference, seminar, or workshop attended during the practicum year
5. A description of two local resources/centers available in the adult learner's community that were visited during the course.
6. A 4 hour written test on Montessori materials/philosophy.
7. On display for sharing will be:
 - a. Teacher Resource Manuals
 - b. Curriculum Development Project
 - c. Practicum materials
 - d. Community Resource File
 - e. Weekly Observation Journal
 - f. Peace/Human Values Journal

- g. Samples of children's work
- 8. Summarizing practicum evaluations completed by the adult learner and other contacts as appropriate.

If the adult learner has NOT completed all items, then the individual is moved to a following year's cohort and will not be able to graduate that summer.

The final written exams, however, may still be taken.

Objectives

1. To discuss with the Final Authentic Assessment Cohort their practicum experience.
2. To demonstrate competency in the presentation of the Montessori materials.
3. To demonstrate competency in Montessori principles, philosophy and child development.
4. To verify completion of the Teacher Resource Manuals required by the Teacher Education Course.
5. To present the Curriculum Development project to the participants.
6. To share with the course instructors and cohort in the authentic assessment of their practicum experiences.

The final activity of the Assessment will be an Exit Interview held with each adult learner and the Program Director, Assistant Director, and Field Consultant to review and discuss the readiness of the candidate to be recommended for an AMS Early Childhood Credential. At that time the Summarizing Practicum evaluations done by the adult learner and others will be reviewed.

When all requirements have been satisfactorily met, the adult learner is recommended for the AMS Credential or Associate Credential by the Program Director.

Elementary I

The adult learner will be recommended to AMS for an EI, EII or EI-II Credential when all assignments, tests, practicum have been completed in a satisfactory manner, and all financial obligations have been met. Adult learners must possess a bachelor's degree from a regionally accredited college/university or equivalent in order to receive the Elementary Credential.

Final Assessment:

Before the adult learner graduates from this **Elementary I Course** a final assessment is held during the summer.

Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

American Montessori Society

The American Montessori Society (AMS) was founded in 1960, in the early, heady days of a movement aimed at redefining educational options in the United States. Americans had been introduced to Montessori education once before, in the early 1900s, but their initial excitement had long since waned. By the 1950s, however, the cultural climate was changing, including a growing discontent with traditional American education.

The American Montessori Society leads, empowers, and serves the global community of Montessori educators as the foremost advocate for research and policy, ongoing teacher education, and standards of accreditation through opportunities for mentored individual growth, collaboration, and member engagement.

As a hub of all things Montessori, AMS strives to anticipate and respond to the needs of our varied constituents. Among our many areas of involvement:

- Standards for Montessori schools and teacher education programs
- School accreditation
- Teacher education and professional development
- Research
- Public policy
- Peace and social justice
- Scholarships, awards, and grants
- Montessori in the public sector

American Montessori Society Non-Discrimination Statement

The American Montessori Society does not discriminate on the basis of race, color, culture, sex, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, ancestry, national or ethnic origins, or any other legally protected status.

American Montessori Society Anti-Bias, Anti Racist Statement

The American Montessori Society is committed to interrogating ourselves and investigating our past practices, recognizing, addressing, and eradicating all current forms of racism and systemic oppression within our organization, and supporting our members in doing the same in their schools, programs, and practices. We recognize that an understanding of racism and bias varies across individuals, and engaging in transformational change requires courage, trust, empathy, and understanding.

The Fundamental Tenets of an AMS Affiliated Teacher Education Program

1. **Cosmic Education** provides the framework for each individual to answer the question, “Who am I and why am I here?” Teacher education of all levels mirrors the underpinnings of cosmic education with consistent attention to repeated and expanding experiences leading to an appreciation of the web of relationships that is the universe, through an understanding of:

- the interconnectedness of all things
- wonder and respect for the living and nonliving world
- nurturing the spirit of the child and the adolescent
- indirect and direct preparation of each activity
- sequencing based on whole-to-part-to-whole pathway
- integrated spiral curriculum
- awareness that the universe is an evolving, self-organizing force that offers many possibilities and is impacted by our actions.

2. **Transformation of the Adult** is an essential outcome of the teacher education course, with an emphasis on spiritual preparation, service to humanity, and the attitudes and dispositions inherent in the philosophy

3. **Education for Peace** is the ultimate task of Montessori education. Intentional, peaceful communities of learners cultivate: respect for all humanity, appreciation of world cultures, and the valuing of diversity, social justice, and equality. These communities exercise trust and peaceful ways of addressing conflict and working together.

4. **Respect** for oneself, others, and for the environment is fostered in all interactions.

5. **The Prepared Environment** fosters teaching and learning through interactions with individuals and materials at the level of the course.

6. **Constructivist Theory** applies to all levels of Montessori education. Individuals of different ages actively construct knowledge through enriching interchanges and experiences with others and the physical environment.

7. **Modeling** movement, choice, peer teaching, dispositions, commitment to service, and reflective practices by teacher educators and mentors occurs so adults observe and experience Montessori theory in action.

8. **Observation** is of vital importance to the teaching and learning process. Teacher education programs communicate the necessity to develop increasing observation skills in one’s own classroom and other classroom environments. Recordkeeping documents the on-going observations and learning outcomes that become the basis for future planning.

9. **Assessments** are part of the teaching and learning cycle. Various formats meet learners where they are and guide them forward to meet the competencies of an effective Montessori teacher.

10. **An Extended Practicum Phase** provides the adult learner with a teaching and learning experience under the guidance of a mentor. Observation, specific feedback, internalization, and further study guides Montessori theory into practice.

11. **The Continuum of Development** across time, place and culture is honored through equal

appreciation of all program levels who learn from each other and respect the contributions of Montessori pioneers, leaders, and practicing and aspiring teachers.

12. **Lifelong Learning** is inspired by the teacher education program as part of the on-going personal and professional journey of learning, growing, observing, reflecting and researching.

AMS Code of Ethics of the American Montessori Society

(2018 Revised AMS Affiliation Handbook, Section 1.3, pp. 3-4)

TEPs are required to include the document *Code of Ethics of the American Montessori Society* in any handbooks provided within the program (faculty, adult learner, practicum, etc.).

Principle I – Commitment to the Student

In fulfillment of the obligation to the children, the educator:

1. Shall encourage independent action in the pursuit of learning
2. Shall protect the opportunity to provide for participation in educational programs without regard to race, sex, color, creed or national origin
3. Shall protect the health and safety of students
4. Shall honor professional commitments, maintain obligations and contracts while never soliciting nor involving students or their parents in schemes for commercial gain
5. Shall keep in confidence information that has been secured in the course of professional service, unless disclosure serves professional purposes or is required by law

Principle II – Commitment to the Public

The Montessori educator shares in the responsibility for the development of policy relating to the extension of educational opportunity for all and for interpreting educational programs and policies to the public.

In fulfilling these goals, the educator:

1. Shall support the American Montessori Society and not misrepresent its policies in public discussion. Whenever speaking or writing about policies, the educator should take the precaution to distinguish private views from the official position of the Society;
2. Shall not interfere with nor exploit the rights and responsibilities of colleagues within the teaching profession.

Principle III – Commitment to the Profession

The Montessori educator makes efforts to raise professional standards and conditions to attract persons worthy of trust to careers in Montessori education.

In fulfilling these goals, the educator:

1. Shall extend just and equitable treatment to all members of the Montessori education profession
2. Shall represent his or her own professional qualification with clarity and true intent
3. Shall apply for, accept, offer, recommend, and assign professional positions and responsibilities on the basis of professional preparation and legal qualifications
4. Shall use honest and effective methods of administering duties, use of time, and conducting business.

As American Montessori Society members, we pledge to conduct ourselves professionally and personally, in ways that will reflect our respect for each other and for the children we serve. We will do whatever is within our talents and capacity to protect the right of each child to have the freedom and opportunity to develop his/her full potential. AMS requires that all member schools and AMS-affiliated teacher education programs agree to comply with the AMS Code of Ethics. AMS relies solely on self-compliance of this Code.

Early Childhood Overview: \$650.00

Adult learners who do not possess an Early Childhood Montessori Credential are required to take the five-day Early Childhood prerequisite which is held during the week before the beginning of the 6-9

Course. The Early Childhood program serves as the foundation of the elementary program, and an understanding of Montessori principles and practices of this age is important for the elementary teacher. Selected materials from the Practical Life, Sensorial, Language, and Math areas of the Early Childhood curriculum are either explained or presented. The adult learner is given album pages describing and illustrating Early Childhood Montessori apparatus.

Adult learners should plan on spending between \$200-\$800 on paper for mounting, duplicating copies, lamination, colored pencils, etc. according to the needs of each individual participant.

Withdrawal from the Academic Component may occur any time following the last day of cancellation. Intent to withdraw must be in written form and submitted to the Program Director. Submission may be mail, hand delivery, or email. The written notice of withdrawal, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid. The written notice of cancellation does require a specific form but must clearly show that you no longer wish to continue in the course in which you are enrolled.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the money's not paid from federal student financial aid program funds.

Attendance Time means the time between the scheduled starting date of the first class and the date on which the adult learner formally cancels his/her enrollment, whether or not the adult learner actually attends.

STEPS TO FOLLOW TO CANCEL THE ENROLLMENT AGREEMENT

- 1. Student contacts the Director of the Program or the Assistant Director to inform the Director or the Assistant Director of intent to cancel or withdraw from the program.**

Instruction Hours

Early Childhood: Monday through Friday 8:00 am-4:00 pm and eight Thursdays from 3-5pm.

All Elementary Courses: Monday through Friday 8:00 a.m. to 4:30 p.m. Some evenings 5:30 -7:30 and some Saturdays.

Administration Hours

Daily 8:00 a.m. to 4:00 p.m. excluding traditional school Holidays.

Attendance

State Law requires that attendance be kept. Regular attendance is essential, as new material is presented each session. Adult learners are responsible for knowing the content of each session.

More than 10% absence from the classroom instruction disqualifies an adult learner from receiving the Credential.

Make-up work must be arranged by the adult learner with the instructor.

Time Limit:

Students are expected to complete all course requirements, academic, practicum, and financial, within three years for early childhood and four years for elementary I or II following the program's official end of the academic phase for which the adult learner was enrolled. This period can be extended with the approval of the Program Director.

In the event the course work must be extended beyond the three years for EC or four years for EL following the end of the academic phase, the following steps must be taken:

- a. The adult learner must discuss the situation with the Program Director.
- b. If the Program Director determines the potential for a reasonable cause for extension, the adult learner must state the following in writing:
 - i. finish date of the academic component of course
 - ii. date of required extension
 - iii. reason for extension
- c. In any case an extension will not be granted beyond a total of 5 years without further course work and fees to be determined.

The practicum must begin within two years after the end of the academic phase. If the adult learner extends his/her course work beyond the three years following the end of the academic session then the adult learner must be a current member of AMS in order to be recommended for an AMS Credential.

Leave Of Absence

In case of illness, family changes such as birth of a child or relocation, or other reasonably serious situation occurring, an extension may be granted. In any case, after five years from the last date of the academic component, if the adult learner has not completed the course, parts of it will need to be retaken and additional fees will be charged.

Progress Record And Grading – All Courses

All assignments must be completed. We have eliminated what we call "busy work" so every assignment is considered essential in order to meet the Course objectives and MACTE competencies. Assignments are graded based on rubrics and different assignments may have different rubrics which are included in the course handbook. If the assignment has not been done satisfactorily, it must be re-done and re-submitted.

Tests are graded on a percentage system as follows:

90% -100% = excellent

80% - 89% = very good

70% - 79% = satisfactory

below 70% = not passing

(A make-up test must be taken until a passing grade is achieved.)

Upon successful completion of all course requirements and payment of all program costs, the adult learner is recommended for the appropriate AMS Credential.

Retention /Dismissal Policy

The adult learners are expected to conduct themselves with dignity and respect for faculty and staff of Montessori Center for Teacher Education, supervising teachers, administrators and other staff at their practicum sites. They are also to be aware at all times that it is a privilege to be working with children and are to treat the children and individuals who allow them this privilege with great respect. Improper social conduct will be considered evidence of unsuitability to be a Montessori teacher and will therefore be grounds for dismissal.

It is the policy of this Institution to assist the adult learner having difficulties whenever possible. However, there may be times when an adult learner elects not to follow the principles of the program. If an adult learner is having continuous unresolved problems, the Program Director will send a letter to the adult learner notifying him/her of the problem and a time limit for remediation of the problem. If the adult learner does not comply with the instructions in the letter during the time allotted, the adult learner will be asked to withdraw from the program.

Grounds for dismissal include but are not limited to:

1. Excess of 10% unexcused absences during the academic workshop or during the practicum teaching year.
2. Failure to complete assigned projects and assignments when due.
3. Continuous unsatisfactory progress towards the objectives of the course as evaluated by the administration.

Probation: Steps Before Dismissal

1. Regular evaluation will be given regarding performance to assure compliance is satisfactory.
2. A plan of correction will be stated and discussed verbally and in writing with adult learner when performance is not satisfactory.
3. The adult learner has 30 days to comply.
4. If the adult learner fails to comply, the adult learner is subject to being dropped.
5. All reasonable avenues of aid will be suggested to help the adult learner to complete the course, i.e., professional psychological counseling, career counseling, medical physical exam, etc.

Immediate Dismissal Policy

At the discretion of the Program Director, an adult learner may be dismissed for serious or repeated incident of an intoxicated or drugged state of behavior or any other stated or determined infraction of conduct.

Reasons for immediate dismissal:

1. Drinking on job
2. Using illegal drugs
3. Abusing a child

4. Leaving a child or class unsupervised
5. Falling asleep during work hours
6. Quitting internship without approval
7. Engaging in malicious gossip
8. Excessive times being tardy and absences (over 10% of a 20 day school month)
9. Insubordination

Grievance Procedure

In case of a student grievance, the adult learner should contact:

1. The Instructor
2. The Program Director
3. Submit the grievance in writing to the appropriate person.

A complaint that is not resolved after an initial verbal contact should then be stated in writing.

Once a complaint is submitted to the Program Director of the Montessori Center for Teacher Education, a problem-solving committee is established by the Program Director. The committee consists of the Program Director, Assistant Director, EI or EII Consultant of 6-9 or 9-12 course, a staff member, two student representatives, and a Practicum Site Administrator.

If the adult learner does not feel that the complaint has been resolved by the committee, the adult learner may submit a formal written complaint to AMS the organizations presented below within 30 days after the problem-solving committee decision.

Placement Assistance And Salaries

Known vacancies in the field will be posted on the bulletin board and announced in the training classes. Many schools contact the Center for prospective teachers. While the school will provide placement assistance, no guarantee for employment or salary can be made.

SOC Codes: The 2018 Standard Occupational Classification (SOC) system is a federal statistical standard used by federal agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data. All workers are classified into one of 867 detailed occupations according to their occupational definition. Graduates of this program who remain in the educational field are generally employed in a job classification under the United States Department of Labor's Standard Occupational (6 digit) level.

Montessori Credential	SOC Code	Description
Early Childhood	25-2011	Preschool Teachers, Except Special Education
	25-2012	Kindergarten Teachers, Except Special Education
Elementary I	25-2021	Elementary Teachers, Except Special Education
Elementary II	25-2021	Elementary Teachers, Except Special Education
Elementary I - II	25-2021	Elementary Teachers, Except Special Education
All Credentials (as appropriate)	25-3401	Tutors
	25-9042	Teaching Assistants, Preschool, Elementary, Middle, and Secondary School, Except Special Education

Transcripts from Universities Outside the United States

Students who have received their college degree from institutions outside the United States must have their transcript evaluated for US equivalency. The organization that many AMS teacher education programs use is the World Education Services. The web site for this organization is www.wes.org. The web site will provide all the information needed to begin the evaluation. Once complete, the WES documentation along with official college transcripts are sent to the adult learner's teacher education program.

Early Childhood: If the adult learner's work is equivalent to that of a college/university in the United States, the Full AMS Early Childhood Credential will be received upon successful completion of all requirements of the teacher education program. If an adult learner's work is officially determined to not be the equivalent to a U.S. bachelor's degree from a regionally accredited college/university, but still meets the nationally recognized post-secondary educational standard in the state, province, or country

of issuance, an Associate AMS Early Childhood Credential will be given. This credential will state the degree earned and the name of the country in which the degree was earned. The official transcript equivalency evaluation is to be submitted to the AMS Office of Teacher Education by the TEP director in lieu of the non-U.S. transcript. The adult learner's major does not impact either Credential.

Graduates receiving an Associate Credential may, upon completion of a four-year degree, request the Associate Credential to be changed to a Full Credential. This is done by providing documentation of receipt of the 4-year college degree. There is a nominal AMS fee for this credential upgrade.

Early Childhood graduates without a four-year college degree from an accredited college/university, are strongly urged to continue their education toward receiving a college degree from an accredited college/university preferably within the seven years following receipt of their AMS Montessori Associate Credential.

Elementary I, EII And EI -II: Transcripts received from institutions outside the United States may be handled as described above. An Elementary course student may not receive an AMS Elementary Credential until he/she has a four-year degree either from a regionally accredited college or university or with a non-United States degree the transcript of which equates to that of a regionally accredited United States college or university. All graduates must possess the equivalent of a bachelor's degree from a United States recognized accredited college or university. The adult learners file and record of completion are kept by the teacher education program. If subsequently the adult learner receives a college degree, the AMS Elementary credential may be obtained upon submission of documentation.
